Congressman Espaillat Leads Bipartisan Group Urging American Airlines to Preserve Jobs

NEW YORK, NY – Today, **Representative Adriano Espaillat (NY-13)** led 26 of his colleagues from downstate New York and northern New Jersey in sending a letter to top leadership at American Airlines and unions representing their workforce urging them to maintain jobs in the greater New York metropolitan region.

As members of Congress representing the communities in the New York metropolitan area, we are committed to ensuring that our constituents continue to have opportunities to earn a living and raise their families in dignity and security. We hope that your organizations work together in good faith to come to an agreement that continues to grow American's workforce in the U.S.

The full text of the letter can be found [here](#).
