LAS VEGAS MOTOR SPEEDWAY

LOCATED 15 MINUTES FROM THE STRIP

Our brand is synonymous with

**PERFORMANCE, EXCLUSIVITY,
INNOVATION AND SUCCESS**

DREAM RACING

FIVE-STAR VIP LOUNGE

We understand the value of properly hosting your guests. Our VIP lounge will be the heart of the event and the ideal location for your closing ceremony. Have the opportunity to see highlights of your activities while celebrating with a glass of champagne.

MEDIA CENTER

Dream Racing is proud to host your group in our 5-star facilities located inside the multi-million dollar Media Center of Las Vegas Motor Speedway.

TRAINING ROOM

An instructional briefing will be held in our theater classroom, where drivers will learn safety procedures, correct driving techniques and technical aspects of the cars.

IMPROVE YOUR SKILLS

Each participant will meet their personal instructor to become familiarized with paddle shifting, instructor commands and the race track. Our ultra-realistic 3D simulators feature a laser-scanned version of the 9-turn 1.2 mile Road Course.

DREAM RACING

TEAM CHALLENGE

Simulators will prepare drivers for the real car and race track, and can be an experience on their own. Best lap time contests can be arranged amongst groups.

RACING PROFESSIONALS

A TEAM THAT IS HERE TO ENSURE THE
SUCCESS OF YOUR CORPORATE EVENT

DREAM RACING

GET READY

Our Hostesses will guide your guests to the lounge dressing rooms to get fitted for helmets. Participants in racing car experiences will get suited up in professional racing suits.

FEEL THE RUSH

Take advantage of every turn, hitting top speeds of up to 200 kph on the straightaway while communicating with your instructor via in-helmet intercom.

OUR TRACK

Dream Racing has exclusive use of Las Vegas Motor Speedway's 1.2 mile Infield Road Course, located inside the Superspeedway oval track. With 9 left and right turns, this race-sanctioned track delivers an exciting experience whether you're an expert or driving for the first time.

DRIFTING

**DRIVING
EXPERIENCES**

HOT LAPS

DREAM RACING

ACCESSIBLE TO EVERYONE

The technology of our cars, with ABS, traction control and a no-clutch paddle shift, makes them accessible to everyone. Our guests will push themselves and their racing machines to the limit, within comfortable means, as a professional instructor will always be there to assist each guest.

UNFORGETTABLE

Allow us to host a tailor-made driving experience for your guests. What we can offer can't be found anywhere else in the world.

DREAM RACING

20 GUESTS **SAMPLE SCHEDULE**

9:00 AM - WELCOME AND REGISTRATION

Upon arriving at Dream Racing, our hostesses will assist guests through a quick registration process.

9:15 AM - TRAINING CLASSROOM

The experience starts in our theater classroom with a theory session that prepares drivers for the car's performance and the track. Drivers will learn about safety procedures, how to properly handle the cars, and techniques to best conquer the track.

9:35 AM - SIMULATOR SESSION

Next, drivers will step into 3D simulators, training on an exact laser scanned replica of the track, which provides the closest experience to actually driving on the road course.

10:00 AM - PHOTO WITH CAR

After simulator training, drivers will get suited up in professional racing suits (if driving Racecars). On pit lane, they will have their picture taken with their car.

10:10 AM - DRIVING EXPERIENCE

The anticipation and excitement will peak as drivers get behind the wheel of their dream Supercar or Racecar. See what these cars are capable of as our professional instructors coach drivers through each corner and straightaway to maximum speeds.

11:10 -11:30 AM - THANK YOU & CLOSING CEREMONY

Guests will finish the day in our VIP lounge where they will be presented merit certificates. Individuals have the opportunity to purchase their on board video, photo and merchandise at our gift shop.

RACE CARS VS SUPERCARS

Because of the racing body panels and wings, the air that flows over our race cars pushes the car to the ground; thus, **the faster you drive, the harder it turns.**

Weight savings are extremely important for race cars. All of our race cars' luxury interiors have been replaced with lightweight plastics and safety equipment, **saving up to 800 pounds.**

Unlike common road tires, racing tires have no tread to maximize the amount of rubber on the road. Combined with other factors, this yields up to **40% increased grip** over street-legal tires.

OPTION 1

Race Car Ride Along

2 laps as a passenger with a professional instructor

Ferrari F430 GT or
Lamborghini Gallardo GT Race
Car

\$179 per person

[SEE DETAILS](#)
