Aloha Sisters and Brothers of Hawaiian Airlines,

In April, we informed you that we would begin meeting with Hawaiian Airlines to continue limited issue, expedited negotiations. We have made good on that promise and are working on a contract that will recognize and honor the work you do, and the value that you deliver to this company.

Your committees have already made encouraging progress on many priority items. However, there are still a few issues that require more work. These issues include economics, benefits, job security and scope.

To resolve these remaining issues, we are planning a high-level executive meeting between the IAMAW and Hawaiian Airlines in Las Vegas, scheduled for the week of July 19, 2021. We are hopeful that we can come to an agreement on the remaining items and deliver a final Tentative Agreement to you.

In closing, thank you for your support and solidarity. Together, we can secure a great contract on your behalf and avoid the need to enter into Section Six negotiations.

In Solidarity,

Michael Klemm
