

## **IAM District 141, United Airlines Confirm Dates to Begin the Expedited Collective Bargaining Process.**

In December, we reported that, based on input from the membership, we could reach an agreement with United through expedited negotiations, as was done in 2016.

We expect to reach an agreement that delivers the improvements demanded in the surveys and the contractual gains you deserve.

IAM members at United stepped up to help our airline navigate through some of the toughest years in airline industry history. Throughout these negotiations, you can rest assured that we will reiterate this fact to United Airlines management.

We will meet with the Company starting the week of February 14. We will then follow up with meeting dates for the weeks of February 28, March 14, March 28, and April 11. We will provide weekly updates following these meetings.

Thank you for your incredible support as we negotiate a contract worthy of your hard work and dedication.

In Solidarity,

**Michael G. Klemm**  
President & Directing General Chairman  
IAMAW, District 141
