United Contract Negotiations Update

Your IAM District 141 negotiating team met with United Airlines management last week in Chicago, Illinois, to continue discussions on seven collective bargaining agreements. This session focused on the Passenger Service and Fleet contracts.

The team focused on Article 4, addressing important topics for our members, including:

- Shift bidding
- Part-time meal periods
- Enhancing flexibility in trade language to better align with industry standards

While a Tentative Agreement was not reached on these issues, the conversations on these very important topics were positive and productive.

Negotiations will continue the week of February 24, 2025, and will include the Fleet Technical Instructor sub-committee.
