

Good morning, Sisters and Brothers at United Airlines,

We are reaching out specifically to members working under the Central Load Planner, Passenger Service, and Fleet Service agreements.

Last week, we concluded a highly successful Union Survey on United negotiations and your priorities for a future tentative agreement. We received thousands of responses, even more than we collected when we first canvassed the Union Membership for proposals in 2024. Thank you to every member who took the time to participate.

Over the next several weeks, we will review every survey response and comment.

We have also contacted the Company to secure dates for negotiations. United has indicated that it is working through priorities on its side, and we currently anticipate initial meetings between late in the third quarter and the beginning of the fourth quarter.

Once we have completed our review of the survey feedback and confirmed bargaining dates, we will send another update.

In Solidarity,

Michael G. Klemm
